Product Range – Random Packings

DURANIT® Inert-Balls / Catalyst support

DURANIT®
Inert Balls

DURANIT®
X500-Inert Balls

DURANIT®
D92 Alumina

DURANIT®
D99 High Alumina

DURANIT®
Porcelain-Inert Balls

VFF-DuraTop®

Special shapes

Random packings made of ceramic and transitions / Grid linings

Novalox®-Saddle

Berl-Saddle

Cylindrical Ring

Pall®-Ring

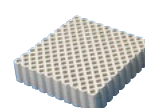

VFF-Power-Pak®

Special shapes

Transitional grid linings

Random packings made of metal

Novalox®- Saddle

Igel®

VFF-NetBall®

Laboratory packings

Berl-Saddle

Cylindrical Rings

Interpack®

Product Range – Column internals

Support plates, Grids

Support grids

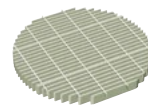

Hold down grid

Combined collector-
and support plate

Multi beam support
plates

Grid bar support system

Liquid distributors / Collectors

Weir riser-pan distributor

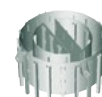

Orifice pan distributor

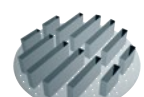

Pan type distributor
with gas risers

Ring channel pan
distributor with orifices
and down pipes

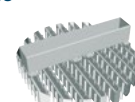

Deck type distributor
with gas risers

Trough distributors

Trough distributor with
orifices and down
pipes

Ladder pipe distributor

Deck type distributor

Deck type distributor
with down pipes

Liquid collectors

Feed devices: gas / liquid

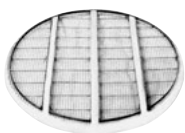

Gas sparger
